Vision looks inward and becomes duty. Vision looks outward and becomes aspiration. Vision looks upward and becomes faith."

It is a proud moment for me to see thousand glittering stars on the sky of success. It's indeed a fervent hope that years invested in school would equip with leadership and managerial skills. There are challenges to great efforts, but great efforts definitely bear sweet fruits of achievement, when vision of duty, aspiration and faith becomes a reality.

Lovely Group of Schools The focus, determination, responsiveness and dedication, thus consolidate into great success stories. My heartfelt Congratulations to the untiring efforts of the Staff who have always been inspiring with their Head, Heart and Soul for the work they are into. Kudos to the parents also those who are the support system for the students. Greetings and best wishes from the core of my heart for the accomplishers. Turn on your fiery spirit and spread the wings of your endeavor to succeed.

Students' View

Time flies so fast. Spending 14 years with school, the journey has been phenomenal. Nur to class 12th, I have experienced my growth physically, mentally as well as emotionally. Looking back, it seems like the school grew with me too. From making constant improvements to do everything to provide the best to its students, it has come a long way. It feels like a joint journey of both the school and the students towards a common goal i.e. providing and gaining the best knowledge. The school has the best teachers who taught the students like their own. I feel overwhelmed to be a part of our school and I wish for the school to reach greater heights because it will make me feel warm at heart and very proud as its student. It provided me immense memories which I will keep on cherishing forever. Unforgettable journey!!.

## UTSTANDING RESULT - X (2021-22)

Exams are always tough, but Champions make it worthwhile with their excellent performance. It doesn't matter what you want to become, what matters is that by passing these exams the students of our school have proved themselves with their hard work and intellect. Even though due to the pandemic, last year has been extremely challenging for both the teaching fraternity and the students. We have moved from physical schools to the online medium but the students adapted it beautifully to this new normal. I would like to thank the parents for their role to make these board exams a success. Your encouragement and positive attitude have worked wonders for our students. I appreciate your upbringing skills for what values you have imbibed upon your child. I would like to

congratulate and acknowledge the hard work which the entire school faculty has put during these hard times. Our teachers have ensured that the students study sincerely and do not get side tracked due to countless distractions and eventually end up messing up their preparation for the exam. You all have been sincere and diligent since day one and never failed to amaze me with your dedication. Keep believing in yourself, more achievements are yet to come. Congratulations and best wishes for your life!

Take care of the earth & she will take care of you

World Environment Day this year was celebrated on June 5 all across the globe to spread the importance of conserving planet Earth as our one and only home. Our school has observed the theme for 2022, "Only One Earth" enthusiastically and focused on our role as the citizens of the earth to protect the environment and encourage sustainable living everywhere and everyday. We also took the initiative to observe this important day and shared a talk show about climate change and its effect on our fragile ecosystem. The teachers and the students joined the forum and learnt a lot about the theme of Refuse - Reuse- Recycle in the process of living in a healthy environment as our basic human rights. A plantation drive had also been included as an activity on "living sustainably in harmony with nature."

# Eid Al Adha Celebration

World

nurture and equip them with the skills that are necessary throughout life. World Parents Day was celebrated by RPM Group of Schools on 24th July, 2022. Parents nurture their children by making countless and selfless sacrifices to ensure their growth. On World Parents Day, children express their gratitude to their parents for all that they have done for them. Really, our relationship with our parents is the most important and true bond that most of us will ever have, and our parents' dedication towards us is respected and cherished on this day. Those who have a friendship with their parents are able to have a healthy relationship based on trust and respect rather than authority or strict guardianship. It is truly a blessing to have good parents. Children have participated in so many activities such as poster making, card for parents, recitation of poem, creating hand print memory, preparing memory book, Family breakfast, Making Thank you card for parents. Students enjoyed a lot and they came to know about the importance of World Parents Day.

Parents are a beacon of a child's life. They lay the foundation for children,

# Spirituality Removes The Blindfold & Dares You To See For Yourself!!

In today's fast paced technological age, we rarely get time for introspection. Technology has equipped us with abundance of information and knowledge. But somewhere deep inside, we are always found waging an unending war of wanting more and missing out on our real happiness and peace. LPS always believes in developing a deeper understanding of inner self. Meditation which is the best way to connect self and helps in reducing stress and knowing more about our inner strength. So to make our students acquaint with the eternal truth and empower them to reach their higher consciousness a seminar on Spiritual Awakening was conducted by the teachers. The teachers had an interactive session with the students and they taught them the benefits of meditation and its significance in a student's life.

# I FORGIVE YOU

# ENLARGE UP YOUR HEART Forgive Its The Only Way To Live.

Our LPS family believes in inculcating the principles and values that helps in developing our students into becoming civilized citizens. Including the values we also believe in strengthening THE HABIT OF FORGIVING others. Variety of activities were conducted for Nursery to 2nd young learners and they were told how and why we should forgive others. The young minds were engaged in performing different activities and got to learn so much on the FORGIVENESS DAY.
