

### From the Chairperson's Desk.....

Dr. (Mrs.) S.D. Malik

#### Dear Parents, Staff and Students

Welcome to all of you for yet another eventful and fun filled year of learning and growth. At the outset, I wish to congratulate our students for the outstanding results in their final exams. As ever, we continue to strive to accompany and form our students individually and nurture them to unleash their potential to grow up as great human beings, firmly rooted in values.

School is the soil where an individual acquires his/her comprehensive development to make a fruitful contribution to the society in a competitive world. There are plethora of opportunities that education unveils for an individual. Acquiring knowledge is a life-long process and thus it needs forbearance to grasp it. School is an alluring environment where the students are able to bring their fervent desires true. As we enter into the new Academic Session of 2022-2023, we as a family should strive forward with innovative pedagogical sessions and fervour in non-scholastic activities. As Robert Collier once said "Success is the sum of small efforts, repeated day in and day out". As a student of this school, you are provided with an enormous prospect of obtaining curricular and extra-curricular skills and it's your decision that paves way to have an expertise in these skills. As the Chairperson of this school, I do take my word on providing a secondary abode for you.

Dr. APJ Abdul Kalam once quoted **"Education is the most Powerful Weapon which you can use to change the world"**. The quote above makes headway only when there is collaboration between Students, Teachers and Parents

**Let's enjoy this journey of knowledge and come out with flying colours in this academic year**

### Principal's Message...

**"Success is the result of perfection, hard work, learning from failure, loyalty, and persistence".**

#### Dear Parents

With the outstanding results achieved by students in this year, I want to say that I am immensely proud of my students who have scored stupendous results. I know how much hard work all of you have put in, and it's evident in the results. I wish that you achieve many more such milestones and make your parents and teachers feel proud of you in the future as well. Parents, this success is dedicated to you. It is your undying belief in us as well as in your children that inspires us to shape their young minds and transform them into dreamers, achievers and performers. I wish to thank the guiding force in their life; namely, our teachers and school leadership for being the best Gurus, who always give the right direction to these students and inspire them to give their best. I wish to say that my love and blessings will always be there with you. May you achieve success in all your future endeavours. It doesn't matter what your ambition is or what you want to become later on in life. You did well for your exams and that proves you have the ability and talent to become who you want to be.

Dr. Mahima

**Wishing you all the best!**

## Introduction and Purpose of Mindset Curriculum

**Mindset Programme is an Integrated Programme consisting of:**

### Happiness Curriculum - Creating good human beings

- \* Focus on education which includes meditation, value education and mental exercises.
- \* Instilling self-awareness and stimulate good mental health, character, and resilience.
- \* Aims at improving cognitive ability of the students and it reduces anxiety, depression, and intolerance among students.

### Entrepreneurship Mindset Curriculum (EMC) - Enabling people to earn a living

We need to prepare students' mindsets during school education so that they can take charge of their careers and become productive citizens of the country.

#### Key Objectives of EMC:

- \* To provide employment to youths.
- \* Enhance skills as per market need.
- \* Focus on skill development from school-level

### Deshbhakti Curriculum - Developing the sense of Patriotism

Three important goals of Deshbhakti - **First, each and every child must feel pride for the nation. Children must be taught about the glories of the country. Second, each child must be made aware of their responsibility and duty towards the country. Third, we have to instil among children the commitment to be prepared to sacrifice anything for the nation,"**

Through this curriculum, we want to build confidence in our students so that they have the ability to excel in the professional and personal world with the use of their innovative ideas. The programme will also help them to identify themselves empowering them to learn and dream beyond their limitations.

### Basant Panchami Celebration

*" The power of knowledge is in all of us.  
May Goddess Saraswati illuminate the glow and  
strive for more knowledge in us forever"*

The festival of Basant Panchami, which marks the end of winter and the onset of spring is celebrated on the fifth day (Panchami) of the Hindu month of Magha. This day is considered to be the birthday of Goddess Saraswati, the deity of knowledge, music, arts, science and technology. Baptist school commemorated this special day with great fervor on the 5th of February. Keeping the tradition of inculcating values in today's modern times, the school organized a *havan* to venerate Goddess Saraswati and invoke her blessings. The students of Class X and XII devotionally rendered the "Saraswati Vandana" as they implored the Goddess to bestow the gift of knowledge and wisdom on them and all those associated with the institution. On this auspicious day, the significance of Basant Panchami was explained to the students by the Honourable Chairperson Dr. (Mrs) S.D. Malik Ma'am. She also spoke how to boost one's immunity. While addressing the students she said that the difference between the impossible and the possible lies in a man's determination. So one has to be determined. Our Respected Director Dr. Inder Malik Sir inspired the students to dream bigger because he believes that if we dream it, we can do it. Our Director, like every year announced the award for Board Toppers. Even he promised to gift a car for India's Topper in Board Examination. The Principal Dr. Mahima ma'am spoke about the story of celebrating Basant Panchami and the significance of yellow colour. Teachers also did deepdaan on that day. The celebration ended with prasad distribution.

**Mrs. Runa Guha**  
Academic Head

It is said that the true foundation and learning begins at an early age keeping this in mind , we at THE BAPTIST CONVENT SR. SEC. SCHOOL strive to provide children foundation for life. I feel glad to extend my gratitude to our energetic teachers to create a classroom culture that balances freedom and responsibility while encouraging critical thinking and compassion. The growth of children in our Baptist family is a pleasure to watch. I also convey my heartfelt gratitude to all my lovely parents for their utmost cooperation and kind gesture shown by them throughout the year. I truly cherish the bond between the school and its stake holders. Congratulations to my little ones!!!

The online schooling classes have inculcated and reiterated the need to be independent and proactive in students. We were extremely touched by reading the message sent out for the mental well-being of the children and the comfort of knowing that the teachers were only a phone call away for a chat if the student felt the need to talk. When all this is behind us... We must celebrate... The positivity, grace & immense strength with which the Baptist Management and teachers have come forward and created a bond that parents & students will cherish and remember forever !!

The Baptist Convent School is one of the best school of East Delhi. It is a school which provide all the facilities to the students and their parents. During the Pandemic school's motto was not only academic, but also provide happiness and personality development classes for the learners. All the facilitators are well trend and school management is very flexible. That is why we as a family continue with the school. Thanks to BCS for their cooperation in online as well as in offline mode of study.

### YOUNG TALENT CORNER

Activities gives happiness and are the part of a continuous learning process. Here are the beautiful activities done by the kindergartens of Nursery - II of Baptist Convent Sr Sec school showcasing their creative and innovative work. These artistic work give children a place to learn to trust their ideas and to explore what is possible. Congratulations on your accomplishment!!
